Special Conditions
Relating to
Permit to Construct Within a Public Way # 2007 - 86
Location: 2 Hillcrest Dr

Construction Methods:

All construction shall meet the standards set forth in the **Town of Acton Specifications For Regulating Construction Within Public Ways** dated January 8, 1991.

Any sidewalk reconstruction shall be in accordance with the Architectural Access Board requirements set forth in **521 CMR**.

Inspection Schedule:

The contractor is responsible to contact the Acton Engineering Department 24 hours in advance of the start of any excavation and/or necessary inspections. (978) 264-9628

Survey Plans¹: No work proposed w/in the road shoulder

¹ If any survey markers (i.e. stone bounds, iron pipes, drill holes in stone walls, etc...) are damaged or destroyed during construction, the Permittee will be required to hire a registered land surveyor to reset the monuments and certify the new locations.

Road Pavement²: 2004

²The cutting of road surfaces less than 3 years old will not be permitted, unless final patching is done with infrared patching equipment.

No work is allowed to take place within the road pavement between November 15th & March 15th (Special Winter Regulations apply during these months).

Traffic:

Police Details as required by the Acton Police Department (978) 264-9638

No work is allowed to take place within the road during the AM & PM peak travel times, unless approved in advance by the Acton Engineering and Police Departments.

Public Shade Trees:

Any work within the dripline of a public shade tree (MGL Ch 87) will be subject to approval by the Acton Tree Warden - (978) 264-9629

* This cathodic protection test station is ~~com~~ entirely underground.
• It is encased in a sleeve & CI cover that is typical for a standard gas jet valve.
• This test station is used to measure corrosion and determine if/where a protection anode system might be necessary.
